

# DASH MON(K)EY

MONKEY SEE, MONKEY DO

10% SKILL, 90% PSYCHOLOGY\*

# VIRTUAL PET

AN EMBODIMENT OF YOUR FINANCIAL HEALTH

- 🎧 Linked to your data, affected by it
- 🎧 Overly dramatic
  - 🎧 Too many club visits ruins your monkey's liver.. Oh no!
- 🎧 Goal is to provide “real” visual feedback, in hopes of catching negative patterns early
- 🎧 Private, philosophical objective
  - 🎧 Blur the lines between digital and physical

# TOOLS AND RESOURCES

## BUDDING FEATURE SET

- ✎ Expenses tracker (OCR++)
    - ✎ Take a picture of any receipt, keep track
  - ✎ Recipe marketplace
  - ✎ Goal setting (and financial planning)
  - ✎ ..and more!
- 
- ✎ Goal is to provide user with more mind space

INDIASTACK, A QUICK ASIDE

# WHERE AI?

- 🎵 Monkey is a programmatic entity, think tamagotchi
- 🎵 OCR, to track every purchase
- 🎵 Base LLM use case, patient assistant / teacher

# WEB3 + AI?

- 🎵 Federated learning for better models
- 🎵 Monkey lives on chain, perhaps acts on your behalf
